## ANNUAL REPORT.

FOR THE YEAR

1943.

#### THE RURAL DISTRICT OF STOKESLEY.

Chairman of the Council: JOSEPH WILLIAM HEBRON, ESQ.

Vice-Chairman.
HENRY WILLINS TARRAN, ESQ. .

Chairman of the Public Health and Plans Committee.

H.W. TARRAN, ESQ.

Chairman of the Housing Committee.

H.W. TARRAN, ESQ.

Clerk to the Council:
H. WYNNE POTTS.

Medical Officer of Health:

+ F.D. ROSS-KEYT, M.B., Ch.B., D.P.H.

Sanitary Inspectors:

- + A. CLIFTON WALKER, C.R.S.1., M.S.I.A.
- † T.S. YARROW, Cert. S.I.B. \*

Clerk: Sybil Thomas.

<sup>+</sup> Contribution to Salary from Exchequer.

<sup>\*</sup> In H.M. Forces.

## SECTION B.

General Provision of Health Services for the Area.

## (a) LABORATORY FACILITIES:

During July the Council made arrangements to adopt the improved facilities offered by the Emergency Public Health Laboratories, Northallerton, in respect of diagnosis of pathological specimens, at a fixed charge based on the average expenditure of previous years for this service.

## (b) AMBULANCE FACILITIES:

The whole of the District possesses ambulance facilities.

The St. John Ambulance Association (Great Ayton Division) serves the greater part of the District, and the Council now makes an annual contribution to the funds of the Division.

An agreement is made with the Stockton Corporation whereby the Parish of Yarm has the use of the Corporation ambulance for purposes other than the removal of infectious disease cases.

Cases of infectious disease occurring in the District are removed by the ambulance of the Middlesbrough Corporation to the Corporation Isolation Hospital, Middlesbrough.

## (c) NURSING IN THL HOME:

In all Parishes the District Nurse also undertakes midwifery.

## (d) TREATMENT CENTRES AND CLINICS:

The North Riding County Council Ante-Natal and Infant Welfare Clinics in the Rural District are held as follows:

Ante-Natal Clinics.

Infant Welfare Clinics.

Yarm - fortnightly on Thursdays.

Ormesby - fortnightly on Wednesdays.

Ormesby - fortnightly on Wednesday

Wednesdays.

Stokesley - fortnightly on Wednesdays.

Great Ayton- 1st & 3rd Thursdays, (except August).

## (e) HOSPITALS (PUBLIC AND VOLUNTARY):

The hospital arrangements remain unchanged.

## SECTION C.

## Sanitary Circumstances of the Area.

### 1. (i) WATER.

The Council's Water Schemes, which now supply 19 parishes, have operated satisfactorily during the year. Close attention has been paid to any action on lead. Samples have been taken regularly and the analyst's reports during the year have been satisfactory.

Chlorination: All water is chlorinated. A Wallace and Tiernan Constant Flow Hypochlorinator is connected to the mains on both the Turkey Nab and Scugdale systems below the reservoir and above all connections.

These machines have operated satisfactorily during the year, and tests are regularly carried out to ensure that there is no excess chlorine in the domestic supply.

During July grave concern was felt owing to the exceptionally low yield of the springs. Both schemes were affected and for two weeks the consumption exceeded the yield and the storage reservoirs were emptied.

The Tees Valley Water Board were consulted, and by arrangements with them we were able to serve part of the area.

With careful conservation this arrangement enabled us to raise the level in our reservoirs during the night.

Resulting from this shortage a scheme is in course of preparation for increasing the supply by introducing additional springs and also for improving and increasing storage and distribution.

Details of all supplies of water in the Council's area are appended hereto.

#### PUBLIC WATER SYSTEMS.

#### (ii) DRAINAGE AND SEWERAGE.

After twelve years running it has been found necessary to overhaul the three pumps operating on the Stokesley Sewerage Scheme. Three new impellers were fitted and one 15 h.p. motor repaired.

The Works are situated as follows:

Position of Works.	Area Served.
Cargo Fleet Lane, Ormesby. Gipsy Lane, Marton	Part of Parish of Ormesby.  Part of Parishes of Marton,  Nunthorpe and Ormesby.
Gunnergate Lane, Marton.  Great Ayton	Part of Parish of Marton.  Parish of Great Ayton.
Stokesley	Parish of Stokesley.
Busby Kirkleavington	Village of Busby. Village of Kirkleavington.
Yarm	Worsall Road and Jouncil's Housing Estate.

## 2. RIVERS AND STRUCTS.

During the year the following streams which receive sewage have been cleansed:

Stainton Beck, Stainton. River Leven, Great Ayton. River Leven, Stokesley. Carlton Beck, Carlton.

#### 3. (i) CLOSET ACCOMMODATION.

During the year seven privies have been converted to water closets, all in the Parish of Great Ayton.

### (ii) PUBLIC CLEANSING:

Refuse Collection is carried out by direct labour in twelve parishes. For this purpose a "Dennis" 9 c.yd. and a "Karrier Bantam" 7 c.yd. hefuse Collections Vehicles are used. A "Karrier Cob" vehicle is held as a standby in case of breakdown.

A summary of work performed for the year is set out below:

Vėhicle	Working Days.	Loads.	Bins.	Pans.	Ashpits.	Miles.	
Dennis Bantam	307 310	730 795	54818 38461	171 <b>3</b> 7 2 <b>1</b> 962	1200 2043	6814 15248	1
Total	610	1525	93279	39099	3243	22062	

The Dennis Vehicle collects in the Parishes of Great Ayton, Hemlington, Marton, Nunthorpe, Ormesby and Stainton, and, from the aforementioned figures, travels an average of 9.33 miles per load.

The Bantam Vehicle collects in the Parishes of Carlton, Hutton Rudby, Ingleby Arncliffe, Stokesley, Whorlton and Yarm. This district is more rural in character, with greater distances between villages, and thus requires longer leads to the tip for disposal and, from the aforementioned figures, travels an average of 19.15 miles per load.

Based on these figures, an average of 439 premises are visited daily.

The refuse is disposed of at the Council's Refuse Tip, Quarry Farm, Nunthorpe. This is a disused Whinstone Quarry. The tip is maintained in a satisfactory manner, and no complaints of nuisance have been received.

## (iii) SALVAGE:

Salvage collection during the year was very successful. The organisation, with Salvage Stewards in every village has worked very well, and it was due to their efforts that the special drive for paper in the summer yielded such a large and valuable amount of material.

Materials collected during the year are detailed as follows:

		;	Tons.	Cwts.	Qrs.	£. s. d.
Paper		0 0 0	76		1	481.18. 2
Rags	0 O O	• • •	3	S	3	44.17.6

### (v) HOUSING AND BUILDING PLANS:

59 visits were made with respect to new buildings.

Seven plans were approved during the year. These included plans for 12 Agricultural Workers Cottages (4 at Yarm; 4 at Great Ayton and 4 at Nunthorpe). Work was commenced in July and the first 4 completed in November.

#### (vi) SHOPS:

No action has been required.

#### (vii) SMOKE ABATEMENT:

No action has been required regarding the abatement of nuisances from smoke.

## (viii) SWIMMING BATHS AND POOLS:

There are no swimming baths or pools (publicly or privately owned) which are open to the public.

#### (ix) ERADICATION OF BED BUGS:

No action has been required.

#### (x) RATS AND MICE DESTRUCTION:

During October a communication was received from the North Riding County Council proposing the delegation of their powers under the Rats & Mice (Destruction) Act, 1919, The powers were accepted.

Infestation Order, 1943, (S.R. & O. 680).

Arrangements were made to advertise for and appoint a Rodent Officer to make a survey and to carry out the duties under the Rats & Mice (Destruction) Act.

#### 4. SCHOOLS:

All the schools in the District have been visited during the year. Reports on the sanitary condition and the water supply have been forwarded to the County School Medical Officer.

#### SECTION E.

Inspection and Supervision of Food.

#### (a) MILK SUP LY:

Under the Milk and Dairies Order there are 648 Registered Producers in the area.

Under the Milk (Special Designation) Order, 1936, the North Riding County Council issued the following licences in respect of milk produced in the Stokesley Rural District:

Designation. No.

Accredited ... 54

Tuberculin Tested... 49

103

During the year 1 Accredited and 1 Tuberculin Tested licences were cancelled and 2 Tuberculin Tested licences were transferred to Accredited.

The District Council have not issued any licences under this Order.

The Milk Testing and Advisory Scheme has been operated by the North Riding War Agricultural Committee during the year.

The practice of advising the District Council of adverse reports on samples of milk produced in the area was discontinued.

One report was received of a producer whose milk showed continuous adverse reports. The premises were visited and notice served in respect of contravention of the Order.

#### (b) MEAT AND OTHER FOODS:

Since the adoption of the Meat Distribution Scheme by the Ministry of Food, slaughtering has ceased within the area, all meat supplied to butchers in the area being drawn from the Distributing Centre at Middlesbrough and the local butchers distributing from one centre.

The only inspections of slaughter in the area have been emergency cases and where the carcase has been found fit for food it has been sent to the Distributing Centre for disposal.

Regular visits are made to butchers' establishments and the quality of the meat supplied to the area has been found to be satisfactory.

### SECTION F.

Prevalence of, and Control over, Infectious & other Diseases.
